SOUTH CAROLINA

In South Carolina, there were 5,057 homeless persons on a given night in January 2014. As the figure shows, 1,636 of them were in the Greenville/Anderson/Spartanburg Upstate CoC, 1,588 were in the Columbia/Midlands CoC, 1,317 were in the Myrtle Beach/Sumter City & County CoC, and 516 were in the Charleston/Low Country CoC. There were 6 children alone, 1,244 persons in households with children, 293 young adults ages 18 to 24 alone, and 3,514 adults ages 24 and older alone. Thirty-five percent of the homeless persons in South Carolina were without shelter.

Children Alone

Of the 6 children alone, two-thirds were in the Columbia/Midlands CoC. The 4 children in the Columbia/Midlands CoC were in emergency shelters. The two children in the Greenville/Anderson/Spartanburg Upstate CoC were in emergency shelters.

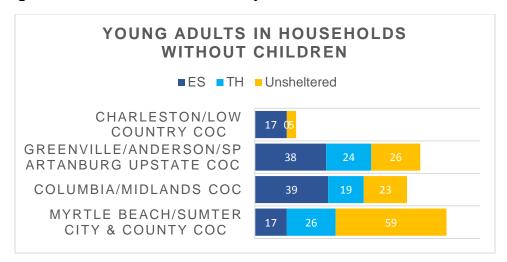

None of the children living alone in South Carolina were without shelter. The Housing Inventory Count reports 10 youth beds available for children alone. Therefore, there were enough beds for children living alone.

Homeless Populations

In South Carolina, 5 percent of the 5,507 persons homeless on a given night in January 2014 were chronically homeless. Also, 10 percent were characterized as severely mentally ill and 9 percent were characterized as having chronic substance abuse. Veterans comprised 13 percent of the homeless population, domestic violence survivors comprised 13 percent of the homeless population, and persons with HIV/AIDS comprised 0.5 percent of the homeless population.

Chronically Homeless Persons

Of the 5,057 homeless people in South Carolina, 273 were chronically homeless. Sixty-three percent of the chronically homeless persons were without shelter: 173 individuals and 0 persons in families.

Forty-nine percent of the chronically homeless individuals without shelter were in the Myrtle Beach/Sumter City & County CoC, 23 percent were in the Greenville/Anderson/Spartanburg Upstate CoC, 15 percent were in the Columbia/Midlands CoC, and 12 percent were in the Charleston/Low Country CoC. The Housing Inventory Count reports between 263 and 419 rapid rehousing, transitional housing, permanent housing, and safe haven beds were available for households without children. When evaluating the number of beds needed in each CoC, a total of 81 to 85 more transitional housing, permanent housing, and rapid-rehousing beds may be needed for chronically homeless individuals.

Conclusion

In South Carolina, there were 5,057 homeless persons and 1,808 persons without shelter. There may have been enough beds for children living alone, but at least 108 additional beds are needed for young adults alone without shelter, 726 to 1,013 additional beds are needed for adult individuals without shelter, and 88 to 111 additional beds are needed for adults and children in families without shelter. There may have been enough beds for chronically homeless persons in families, but at least 81 to 85 additional beds are needed for chronically homeless individuals and 77 to 122 additional domestic violence beds are needed. Additional shelters or beds are needed in all four South Carolina CoCs.
